JANUARY 6, 2026

SPECIAL MEETING AGENDA

6:00 PM

I. CALL TO ORDER / ESTABLISH A QUORUM

II. CITY ANNOUNCEMENTS

- A. Refresher on Status of Code Amendments Coming to Council on February 10, 2026
- B. Redmond Commission for Art in Public Places — Appointment of Dan Mooney, term expiring December 31, 2027.

III. ACTION ITEMS

- A. Amendment to Contract #2022-33 in the amount of \$500,000 for Architectural and Engineering Services with RS&H for Airport Terminal Expansion Project in an not-to-exceed amount of \$20,000,000.
- B. Contract Award to Axon Enterprises Inc. for Police Department Bodycams and In-Car Cameras: \$1,299,371.65

IV. CITY MANAGER COMMENTS

V. COUNCIL COMMENTS

VI. MAYOR'S COMMENTS

- A. A 2026 Resolution and Thoughts on Freedom and Liberty

VII. ADJOURN

Regular Council meetings are broadcast live on COTV11 – BendBroadband Channel 11 beginning at 6:00 p.m. on the 2nd and 4th Tuesdays of each month. Rebroadcasts are scheduled for the non-meeting Tuesdays at 6:00 p.m.

The City of Redmond encourages all citizens to participate in its programs and activities. This meeting location is accessible to people with disabilities. Requests for accommodation may include sign language interpreter service, assistive listening devices, materials in an alternate format or any other accommodation. If any accommodations are needed, please contact the ADA Coordinator at 541-504-3036 or access@redmondoregon.gov. Requests should be made as soon as possible, but at least 3 business days prior to the scheduled meeting.

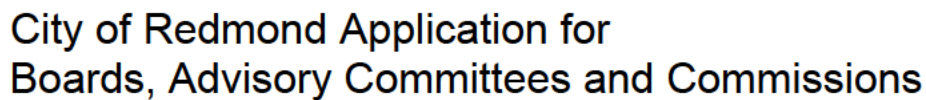

The City of Redmond does not discriminate on the basis of disability status in the admission or access to, or treatment, or employment in, its programs or activities

STAFF REPORT

DATE: January 6, 2026
TO: City Council
THROUGH: Keith Witcosky, City Manager
FROM: Zachary Bass, Airport Director
SUBJECT: Amendment to Contract #2022-33 in the amount of \$500,000 for Architectural and Engineering Services with RS&H for Airport Terminal Expansion Project in an not-to-exceed amount of \$20,000,000.

Report in Brief:

This item requests City Council (Council) authorize a \$500,000 amendment to the current Architectural and Engineering Services contract with RS&H Oregon (RS&H) and increasing the not-to-exceed amount to \$20,000,000.

Background:

In April 2022, Council authorized RS&H for Architectural and Engineering Services for the Airport Terminal Building Expansion in an amount not-to-exceed \$13,000,000. The contract term was for five years for the design and construction administration services of the Terminal Expansion Project. In May 2025, Council authorized to amend the contract to \$19,500,000 to align with industry standards for construction administration services.

The Redmond Municipal Airport (Airport) would like to increase this contract by \$500,000 to a total of \$20,000,000.

Discussion:

With the terminal expansion construction underway, the Airport may have the opportunity to utilize unused construction contingency funds to complete specific "add alternate" tasks associated with the terminal expansion, as noted below:

Design Tasks:

- Task 1: Reconfiguration of Landside Concessions to Office Space \$84,627
- Task 2: Concessions Design Criteria Manual \$81,872
- Task 3: Main Entry Vestibules Renovation \$119,534
- Task 4: Materials Boards and Boxes \$10,355
- Task 5: Xeri-scape Landscape Concept \$31,070
- Task 6: Additional Miscellaneous Professional Design Services \$172,542

The Airport requests the increased authority of \$500,000 for Task Order #04. With this authorization, the Airport requests the approval of an Amendment #2 with RS&H for a total contract amount not to exceed \$20,000,000.

Fiscal Impact:

For the amendment of the Architectural and Engineering Services Contract with RS&H, the fiscal impact will be in a not-to-exceed amount of \$20,000,000, with funding available within the \$180,000,000 project budget.

Alternative Courses of Action:

1. Approve the amendment to the Architectural and Engineering Services Contract with RS&H in the amount, not to exceed, \$20,000,000.
2. Do not approve amendment.
3. Take no action and request more information.

Recommendation / Suggested Motion:

"I move to approve a \$500,000 amendment to the Architectural and Engineering Services Contract #2022-33 with RS&H and increasing the not-to-exceed amount from \$19,500,000 to \$20,000,000."

AIRPORT TERMINAL EXPANSION PROJECT

\$500,000 AMENDMENT TO CONTRACT WITH RS&H

STAFF REPORT

DATE: January 6, 2026
TO: City Council
THROUGH: Keith Witcosky, City Manager
Devin Lewis, Police Chief
James Wood, Finance Director
FROM: Scott Brang, Procurement & Payables Manager
Jesse Petersen, Captain
SUBJECT: Contract Award to Axon Enterprises Inc. for Police Department Bodycams and In-Car Cameras:
\$1,299,371.65

Report in Brief:

This action requests the City Council approve an up to five-and-a-half-year contract with Axon Enterprises Inc. to provide body and in-car cameras, including video processing and storage, for the Redmond Police Department in the amount of \$1,299,371.65.

Background:

The Redmond Police Department (PD) currently uses Motorola for their Body Worn Camera (BWC) system. This technology is expected to reach obsolescence in 2026. The data from these cameras is stored on-site at PD. However, Motorola is making changes which require us to store data on Motorola servers.

Additionally, the PD has experienced problems with the existing system such as inadequate customer service and unreliable cameras, which have caused the department to not have enough cameras for all officers. Furthermore, Motorola's evidence processing and storage platform is out of date, and costs hundreds of hours of staff time each year to upload evidence videos and process public records requests.

Discussion:

While researching different BWC vendors, it became apparent that Axon is the most used BWC product by law enforcement. The Axon storage platform is highly secure, uses cloud-based storage that can accommodate all of PD's data, and has a very efficient data uploading program through their product evidence.com. Axon also has local customer service representatives and technicians that are able to assist the same day requests are received.

The ease and efficiency at which police officers, evidence technicians, and records staff can upload and share BWC videos and pictures will save hundreds of hours of staff time annually. Specifically, Axon will streamline workflow by having one platform for employees to load and download videos, which is seamlessly accessed by the District Attorney's office and allows the community to input video evidence for investigations. This increase in efficiency will improve officer availability for calls for service, as well as time for proactive law enforcement activities such as traffic enforcement and community events.

Across all divisions at the PD, the savings in time will be the equivalent of approximately one Full-Time Employee — approximately 2,000 hours. The average annual cost of an officer is \$175,000.

This platform improves inter-agency operability, especially during critical calls for service, as the PD can view operations with other local agencies who utilize Axon. This package includes body-worn camera and in-car camera hardware refresh over the next 5 years, giving the PD the opportunity to always have current, up-to-date advanced cameras. PD will also utilize these same cameras in interview rooms at the PD to maintain consistency and efficiency with the storage of these interviews.

The purchase will be made through a Sourcewell cooperative contract #101223-AXN. Additionally, City staff were able to negotiate for over \$850,000 in discounts.

Fiscal Impact:

Implementation costs can be covered within existing Police appropriations in the Fiscal Year 2025/2026 budget. The ongoing costs will be offset by approximately \$50,000 in BWC costs already in the budget. As the population of Redmond increases, additional officers and PD staff will be needed. The Axon product will provide immediate and sustained staffing efficiencies relative to the current BWC product utilized by PD.

The costs of the system will be mostly covered by the PD budget, with the Airport contributing around 10% of the total cost (\$20,000) given the usage by security officers and cameras at RDM.

Alternative Courses of Action:

1. Award contract to Axon Enterprises Inc. for Police Department Body-worn cameras (BWCs) and In-Car Cameras and related evidence storage service in an amount not to exceed \$1,299,371.65
2. Do not award the contract.
3. Take no Action and Request more information

Recommendation / Suggested Motion:

"I move to award the contract to Axon Enterprises Inc. for Redmond Police Department body-worn cameras, in-car cameras and related evidence storage systems in an amount not to exceed \$1,299,371.65 and authorize the City Manager to sign the contract."

Contract Sourcwell #101223-AXN is incorporated by reference into the terms and conditions of this Agreement. In the event of conflict the terms of Axon's Master Services and Purchasing Agreement shall govern.

Standard Terms and Conditions

Axon Enterprise Inc. Sales Terms and Conditions

Axon Master Services and Purchasing Agreement:

This Quote is limited to and conditional upon your acceptance of the provisions set forth herein and Axon's Master Services and Purchasing Agreement (posted at <https://www.axon.com/sales-terms-and-conditions>), as well as the attached Statement of Work (SOW) for Axon Fleet and/or Axon Interview Room purchase, if applicable. In the event you and Axon have entered into a prior agreement to govern all future purchases, that agreement shall govern to the extent it includes the products and services being purchased and does not conflict with the Axon Customer Experience Improvement Program Appendix as described below.

ACEIP:

The Axon Customer Experience Improvement Program Appendix, which includes the sharing of de-identified segments of Agency Content with Axon to develop new products and improve your product experience (posted at www.axon.com/legal/sales-terms-and-conditions), is incorporated herein by reference. By signing below, you agree to the terms of the Axon Customer Experience Improvement Program.

Acceptance of Terms:

Any purchase order issued in response to this Quote is subject solely to the above referenced terms and conditions. By signing below, you represent that you are lawfully able to enter into contracts. If you are signing on behalf of an entity (including but not limited to the company, municipality, or government agency for whom you work), you represent to Axon that you have legal authority to bind that entity. If you do not have this authority, please do not sign this Quote.

A 2026 Resolution and Thoughts on Freedom and Liberty

250 years ago, our forefathers declared that all men are created equal by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. This phrase embodied, in theory, the concepts of freedom and liberty as they existed in 18th century America but how those concepts evolved in our Constitution and our laws is the real story of the great American experiment

Since 1776, what freedom and liberty mean in our society has unfolded through times of peace and times of civil unrest and war. The pursuit of Jefferson's concept of freedom and liberty was first embodied in the Bill of Rights proposed in 1789 and adopted in 1791. Those amendments to our Constitution ensured citizens (at least white male citizens at the time) would enjoy freedom from negative acts by the government such as freedom to exercise religious beliefs, to have a free press, to exercise free speech, to assemble peacefully and to be free from unwarranted search and seizure by the government. For generations Americans argued and fought over these rights particularly as to whom they would apply. It took many generations for these rights as well as the right to vote to be extended to persons of color and women - at least in law if not in spirit. Finally, the adoption of the 14th amendment after the Civil War ensured persons who were born or naturalized in the United States are citizens of the United States. The 14th amendment also guaranteed that the government could not deprive any person of life, liberty or property without due process.

Today we are again faced with the fundamental question of how the concepts of freedom and liberty should be incorporated into our laws, the actions of our government and how we act as a civil society. Our federal government appears dysfunctional as Congress is bitterly divided and cannot fulfill its constitutional role. The Executive branch ignores the Constitution as well as adopted laws in the exercise of its power. Each day it seems that concepts of basic fairness and due process are being ignored by the government. Also, no one in the federal government and particularly in Congress appears to take the looming debt crisis seriously. Instead, Congress continues to rob future generations of their right to the pursuit of happiness by leaving them with a crushing amount of debt to repay. And finally, did many go to Washington DC to get rich? The amount of corruption, both legal and illegal in our federal government, is both staggering and depressing. These observations are not confined to the current administration as many also apply to prior administrations.

So, where does all this leave us 250 years removed from our beginnings as a nation? Whether you are a democrat, republican or neither the import of defining and defending our liberties (and balancing those with societal responsibility), our freedom from wrongful government action and our freedom to pursue our right to act, speak and think without undue restraint (like yelling fire in a theater, slander etc.) remains of paramount importance. We must be able to listen to opposing views (even those that may offend us) without censorship. We need to protect the right to peacefully assemble air grievances or advocate for new or different

policies. Each of us should be able to have an equal weight in our right to vote without unreasonable access restrictions and free of improper gerrymandering by either party. We should have a government that fulfills its constitutional duties and honors the bill of rights. We need members of Congress to adopt a balanced budget amendment to the US Constitution. It should have been long ago but better late than never. Finally, we need our government to remain a beacon of hope for all those striving to live in a free and democratic society.

As you can see, these comments reflect an angst about what our federal government is either doing or failing to do and where we are going as a nation. Let's hope and pray that as a nation we do better in 2026!

Locally, however, I believe Redmond is on a very positive track going forward. As a city, we try to take a balanced approach in the use of our financial resources as well as in the imposition of fees and charges. Redmond is a very welcoming community, but we also have a profound respect for the rule of law as well as the obligations and rights set forth in the constitution. In that light, I wish you a Happy New Year.

Ed

There has been constant fighting over nearly every move made by the current Administration and as an American, it is deeply disappointing. All my life, I've understood that when your preferred candidate or party doesn't win the Whitehouse, disappointment is natural—but responding with a meltdown or throwing a fit and or suing at every turn is not appropriate. Instead, you look for what you can support, remain engaged and prepare for the next election. As any doctor would tell you, starting each day with anger and living in constant negativity is unhealthy and unproductive.

For perspective, it has been since Vic Atiyeh's term ended in 1987. It's been 39 years since a conservative last served as Governor of Oregon. While many of the decisions are not how I would have chosen to govern, I have not fallen into the trap of consuming hate for breakfast, lunch, and dinner. Conservatives have continued to present their ideas, participate in the process, and vote. It is curious, however, to suggest that there has not been a single capable leader in 39 years unless there is a "D" next to their name, that makes one wonder. *conservative*

Nationally though, it is time to wake up and keep moving forward. Since President Obama, roughly half the country has found itself on the losing side of presidential elections in all 3 of the races. In both 2016 and 2024, the winning administration has faced resistance, everyday of both terms. That dynamic is not healthy for our republic.

Just as many of us in Oregon continue to wait patiently for the next opportunity for leadership through elections, it may be worth reminding those currently in second place at the national level... that there will, in fact, be another election. Let's move forward, build our ideas, participate constructively, and set aside the visceral hate. At least at the local level.

Born in 1779 a 19th century US Naval Officer Stephen Decatur Jr made a popular statement which in my opinion is an appropriate for this time in history: "Our country in her intercourse with foreign nations may she always be in the right, but our country, right or wrong"
