STUDENT PARTICIPATION IN CITY COMMISSIONS**

Did you realize that you can have an impact on the future of your community? Every day it is built, how it is planned, what types of parks recreation are provided, etc. Every month our 100 city volunteers meet and work with city staff on recommendations for the Redmond City Council regarding the future of the City of Redmond. However, most of the volunteers are adults and we are interested in hearing from you too - the youth of our community. The City of Redmond is interested in having a student participate on the City's commissions and committees who can provide the perspective of how these decisions impact the youth of our community and what living in Redmond means like for the youth. You are our future and we are planning our future so it is vital that your voice is heard in this process. This appointment is for one school year. This is a great opportunity to do something for your community and gain "real-world" experience in planning and government.

If you are interested, please fill out the application below and return to the City Reporter at the City of Redmond, 411 SW 9th St, Redmond, OR 97068, or help@reemage.net/redmond or us.

What other special skills, interested, hobbies, or training do you have that would bring special value to your ability

to serve on this committee? I am detail-oriented, organized, and strive for

maximum efficiency in everything I do.

How did you hear about this position? Researching ways to get involved online

Have you ever attended a budget committee meeting before? no

Are you available to attend special meetings, in addition to the regularly scheduled meetings? yes

Why are you applying for this position? I want to be involved in and understand the workings of our city. Budgets provide valuable insight into priorities.

What community topics concern you that relate to this committee? Housing, parks and recreation, library, and educational opportunity.

What specific contributions do you hope to make? I would like to help reduce/eliminate the hurdles to affordable housing and thus reduce the homelessness and panhandling in the area.

Redmond? With the opinions of others, I would work to make sure everyone's concerns are heard, validated, and prioritized.

Emergency items and readiness are first, then all things that keep the city running daily, followed by new requests/changes.

How do you think these service priorities should be financed (i.e. user charges, property taxes, fees, special

licenses, taxes)? This is item-specific, and would vary based on service.

Tax increases should be avoided unless absolutely necessary. Reallocation of current funds/income should be assessed first.

Do you have experience in group processes and decision making? Please describe: I've been part of many meetings in the workforce, and run a household. Both of these require coming to a group consensus.

The Arts in Public Places Committee shall be composed of nine members who reside within the Redmond School District 2J Boundary. Individual seats are not geographically designated; however a majority of the members should reside within the Urban Growth Boundary.

How long have you resided within the Redmond School District 2J boundary?

Years: 2 Months: 6

Please list special skills, interests, and/or hobbies that you believe would bring special value to your ability to serve on this committee?

Past board and committee experience, enjoy working with others, appreciation of art, always seeking out art experiences to expose to my young daughter, past fundraising experience for the arts, organized, focussed and dependable

Why are you interested in serving on the Arts in Public Places Committee?

I have the time and energy to devote to helping others and enjoy art immensely. I feel that Redmond is a special gem of a small town and the town public arts program is a big reason.

What contributions do you feel you can make to the Committee?

I can help in any way that is needed. My background is in marketing and business, but I have also done event planning, owned an organization business, was a realtor and do interior design and have traveled around the world. I have many interests, with art being one of them.

Why do you think a committee on art is important to a city like Redmond?

I feel that a committee on art is important because it means that the city has a vested interest in continually providing culture and diversity to a small town. I think that arts in the community has many "arms" and having a committee allows the possibility of expanding and varying how art is shared publicly. It also allows the town to bond with its community, inspiring future artists.

What can the Arts in Public Places Committee do to foster citizen awareness of the committee?

The committee can foster citizen awareness by being active with art! It could be looked at from a multiple line approach whereas it doesn't just end with the community putting in new pieces around town, but also calling for local artists for various projects, both adult and youth. Maybe branching out to art workshops from local and traveling artists, art shows, art fundraisers, "living" art, art tours, etc.

How did you hear about the position?

On the City of Redmond website recently and from a newspaper article from many years ago when we first moved here.

Are you available to attend special meetings, in addition to the regularly scheduled meetings?

Yes, I am available mainly during the day and can make some evenings.

How long have you resided within the Redmond School District 2J boundary?

Years: 2 Months: 2

Please list special skills, interests, and/or hobbies that you believe would bring special value to your ability to

serve on this committee? My name is Jackie Petrovic and I'm interested in serving this amazing City of Redmond. I have an MBA from Brandman/Chapman University in Organizational Leadership and spent my career in Financial Analysis and Project Management. I have a strong background working with statistical data and managing budgets. I've also interned as an Addiction Counselor in the city of Redmond. Currently, I teach part-time. My passion is music and art. I'm a displaying artist for Dry Canyon Arts Assoc. and also a volunteer for their organization. I'm also a musician and songwriter with a former career in music. My special interests include art galleries, museums, music & film festivals, & musical theater.

Why are you interested in serving on the Arts in Public Places Committee?

This is an exciting time for Redmond. As we see in increase in population, we have an opportunity to further establish an art hub in the city. Bend has embraced the arts establishing many outlets such as a film festival. Sisters is famous for their Folk Festival welcoming artists around the globe. Redmond is nestled between them and absolutely ripe for establishing a cultural identity. I would be excited to serve on a committee that could help further define Redmond as a city of the arts.

What contributions do you feel you can make to the Committee?

The city has done a fine job establishing art in public places. I would like to help with the current agenda as well as recruiting artists, bringing new ideas to the committee such as exploring pop-up galleries, soliciting grants/funds to increase the budget, and working with other galleries to bring in established artists as well as local Central OR artists.

Why do you think a committee on art is important to a city like Redmond?

Painting, sculpture, music, literature and the other arts are often considered to be the repository of a society's collective memory. Redmond welcomes people from every walk of life and they all have a story to tell. The committee is there to help facilitate a platform for those to share. Art has always been an important part of human society since the beginning of time. Art has been used as a tool for cultural exchange, education, and expression.

What can the Arts in Public Places Committee do to foster citizen awareness of the committee? _____

Awareness comes with publicity and good marketing. Social media is key as well as partnering with Redmond businesses, artist and artist organizations. Committee members can function as ambassadors for the arts the more they involve themselves with the community and find ways to connect with neighboring communities as well.

Addendum

1) What reasons do you have for wanting to be a member of this commission?

Through-out my entire life, my aunt has held the Community fiesta in my hometown of Independence Oregon. Throughout the years, the turnout has grown from hundreds to thousands. My bratty young self-asked my aunt, why do we do this? This is so much work and we don't get anything out of it. She told me that God calls us to serve our neighbors and that we should do it joyfully.

Throughout the years I have realized that indeed, volunteering and being involved in the community is one of the greatest gifts you can give to yourself. Joy Harjo wrote, when talking about a traditional native American ceremony, "The songs we sang together filled me with promise, hope, the belief in a community that understood that the world was more than a contract between buyer and seller." I believe that I was made to do more than just work. I was made to connect and serve. The reason why I would like to serve from the platform of the planning commission is because I have always had an interest in how decisions are made in government. I see this position as an opportunity to learn how people think, open myself up to different perspectives and offer my own while fulfilling my need to serve the community.

2) Brief Outline of experience and occupations:

2017-2020

Jan 2021-October 2021

Civil Engineering Technician

October 2021-October 2022

Business owner at Cleaning With Meaning Redmond.
